How to Download Mozilla Firefox v51

- This will display information about the software. Click the Download button on the bottom of the page and it will start downloading.

The screenshot shows a web interface for downloading software. On the left is a dark sidebar with navigation options: Downloads (selected), My Devices, Knowledge Base, and Download History. The main content area is titled 'Downloads: Info and Download' and includes a 'Back to Downloads Home' link. Below the title is the specific download: 'Download: Student & Staff Mozilla Firefox 51 for Windows (Home use) 51.0.1'. The page contains several sections of information: 'Installation Instructions' (advising to remove version 52.0.2 first), 'Description' (free download of Firefox 51.0.1 for Windows), 'Download Info' (file name: Firefox-51.0.1-en-GB.msi.zip, size: 47.45 MB), 'Manufacturer Info' (FrontMotion), 'Software Info' (None), 'Related Support Links' (None), 'Cost per user' (0.00), 'Download Times' (1.5Mb T1: 4 Min 11 Seconds, 512Kb DSL: 12 Min 39 Seconds, 56Kb Dialup: 115 Min 41 Seconds), and 'Software Download' (instructions to click the 'Download' button). At the bottom, there are two buttons: 'Download' (highlighted with a red box) and 'Cancel'.

- Go to the installation file location, double click it and let it install the software.
- After installation, open Firefox and login to myUniHub and proceed to enrol.
