

## Middlesex University English Language – Requirements 2019/20 Entry

Section B5 of the University Regulations outlines the requirements for English Language that all applicants whose first language is not English are required to meet. Many English Language Qualifications have an expiry date. These tests will only be considered if they are valid at the point of entry.

Applicants are expected to demonstrate to the required level their English Language capability. There are a number of ways this can be achieved. Applicant can;

1. Reach a satisfactory standard in an approved test in English as outlined in the 'Middlesex University Approved English Language Tests' List, or
2. Offering the successful completion of a full Bachelors or Master's degree from an approved University that has been taught and assessed in English and a NARIC certificate is provided, or
3. Being a national of a majority English speaking country if during the application process it has been demonstrated that they are able to understand all facets of English competencies to the required level, or
4. Successfully Completing a suitable Pre-Sessional Academic English language course validated or approved by Middlesex University.

Majority English-speaking countries are defined as follows: Antigua and Barbuda, Australia, the Bahamas, Barbados, Belize, Canada, Dominica, Grenada, Guyana, Ireland, Jamaica, New Zealand, St Kitts and Nevis, St Lucia, St Vincent and the Grenadines, Trinidad and Tobago, United Kingdom and USA.

Applicants who are hoping to meet the English Language requirement as described in **point 2** above will be required to submit a NARIC certificate confirming the equivalent level of the degree alongside an official letter from the University confirming that the degree was taught in English or an original and official certificate from the University where the degree was awarded confirming that the degree was taught or researched in a majority English-speaking country.

Approved Universities are:

1. Any University accredited by a government of a majority English speaking country.
2. Universities and Community Colleges based in Hong Kong and Singapore.
3. University of Malta.

Many English Language Qualifications have an expiry date. These tests will only be considered if they are valid at the point of entry.

Some programmes with professional registration requirements may exceed the University's requirements and must also be met.

Exemptions granted by test providers for applicants with disabilities, who cannot demonstrate all four competencies of English language, will normally be taken into consideration and accepted at the point of admission.
